Mr. David E. Ruppel
Front Range Airport Director
5200 Front Range Parkway
Watkins, Colorado 80137-7131

Dear Mr. Ruppel:

On January 2, 2018, we received your Launch Site Operator License Application and Location Review Appendices for conducting launch operations from Spaceport Colorado. On January 17, 2018, we replied with the information required to start the 180-day review period.

We have completed our initial review of your application and its subsequent updates, and found that it is complete enough for us to accept and start the 180-day review period. We anticipate making a license determination, in accordance with 14 CFR § 413.15, within 180 days of its acceptance, which is by August 19, 2018. Although we accepted your application as complete enough for review, there may be additional information requested as the evaluation process continues per 14 CFR § 413.13.

Should you have questions, please contact Mr. Henry Lampazzi at (202) 267-3718 or by email, henry.lampazzi@faa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Kenneth Wong". The signature is fluid and cursive, with a long horizontal stroke extending from the end of the name.
