

WarBird Auto Classic

WarBird Auto Classic expected to host over thirty vintage flying works of art, several hundred concourse-quality show cars and over one thousand spectators at the Front Range Airport

WarBird Auto Classic is a charity event with all proceeds being donated to charities benefiting veterans and officers-in-blue

Revolution and the **Front Range Airport** are excited to announce the date for the **2018 WarBird Auto Classic: Saturday, July 28, 2018.**

The event is expected to host over **thirty vintage flying works of art** complete with both a static showcase and **air show**, with a complementary display of over **500 immaculate show cars** and over a thousand eager attendees.

New event organizer **Revolution** brings significant changes that will **improve the event and experience for airport users, tenants, participants and spectators** while maintaining the core concept that has built the event to what it is today.

For 2018 and beyond, the event will be known as the **Warbird Auto Classic , a showcase event at the Front Range Airport** and will return to its roots as an event that the **Front Range Airport, city of Watkins and Adams County** can be proud of.

Revolution is honored to be brought onboard to manage overall event logistics and promotion for this historic event and return it to the legacy upon which it was founded over a decade ago. "We know how much this event means to the Front Range Airport, its tenants, users and community. We also know the impact it's made in the past for our veterans and heroes, and **we're excited to announce that all proceeds from the 2018 event will be donated to charities directly benefiting veterans and officers in blue,**" explains Revolution founder **Ryan Randels.**

“For a number of years, this event has been a special event for the Front Range Airport and Adams County. This year, we’re honored to host the WarBird Auto Classic as a charity event benefiting veterans and officers-in-blue. We encourage everyone to come out and see vintage warbirds and beautiful cars—all while helping us say thanks to the men and women who protect us and our way of life every day,” explains **Front Range Airport Director Dave Ruppel**.

This event has become a staple in **Colorado’s warbird aviation community**. “Warbird” represents any vintage military aircraft which is now operated by civilian organizations and individuals, and the community supporting this event will be bringing out some amazing pieces of history for all to enjoy.

Thanks in part to local car clubs around the state, there will be a wide range of automobiles participating in the car show. Organizers expect everything ranging from classic cars to **exotics, to modern muscle cars and imports**. If you have a vehicle you want to show off, then you’re invited to be part of the show!

Revvolution also invites those with **vintage military and police vehicles** to come out and display as part of the vintage military vehicle showcase.

In addition to the props and pistons, the event will also host **local vendors and artists**.

The WarBird Auto Classic is a family event, and supports a great cause. Organizers encourage veterans, heroes, and officers in blue to attend and get the recognition they deserve—this event is for you.

Spectator Tickets and Car Show Registration

Spectator Tickets

Pre-Sale Adult Spectator tickets are \$15, and \$20 at the gate. Child Spectator tickets are \$5. Kids 3 and under are free with paying adult. Uniformed officers and military members have free entry into the event. To purchase tickets ahead of time, visit www.WarBirdAutoClassic.com.

Sponsor & Vendor Inquiries

The WarBird Auto Classic team is making a conscious effort to bring together local businesses, companies and artists in order to support those who have sacrificed for their country and communities. For sponsorship and vendor inquiries, please contact Ryan Randels at randelsr@revvolution.com or Corey Davis at davisc@revvolution.com.

About Revvolution.com

Revvolution is the group behind the acclaimed social media network and blog, Revvolution.com, and also organize and host many large-scale automotive events in Colorado and across the country. Most notably, Revvolution is the primary organizer behind the Pikes Peak Airstrip Attack, which takes place at the Colorado Springs Airport.

In conjunction with July's WarBird Auto Classic, Revvolution will also host Defcon 1, a side-by-side Roll Racing half-mile, quarter-mile and eighth-mile automotive racing event on Front Range Airport's runway 17/35 on October 6 & 7, 2018.
